Instructions:

1. Please use a separate Layout Form for each album.
2. Print the desired text on the layout form in the desired location. Please print clearly, showing exactly how you want the text to appear. We will use the same case, i.e. upper/lower case, that you write.
3. Next to each requested line of text, indicate both the type style and size for that line. When indicating the type, use "GL" for Goudy Light, or "GC" for Goudy Cursive. For example, enter GL24 for 24 point Goudy Light, or GC36 for 36 point Goudy Cursive.
